

MIND CONTROL

Don't call it blasphemy
Because it's Always been
insane to me
Mind control is what's
achieved
and everyone is so relieved

Every day you sit and pray
Hoping that you'll find a
way
Meditate the day away
Because it Never happens
anyway

Mind Control!
Mind Control
Over you!

Never once was lost or
found
Barely tried to make a
sound
Cannot say its profound
But we all end up in the
ground
To go through life
And not get shot or not get
knifed!
It's just a dream you had at
night
No one has the answers to
this life, LIFE!
