

Mtzlplk

Mtzlplk, Go home
Leave us on our own
Why do you come here?
Ascention to your throne
Mtzlplk, go away
Don't come again
another way
You're not a man, you should
not stay
Mtzlplk, go away!

Go home, Mtzlplk, go home!

Fly around, on your disk
Your little voice makes us
pissed!
Little man, with big plans
Mtzlplk's come for us!
Time and space, he'd erase
He want's to rule us all!
Superfriends are no match!
Can't even snatch that stupid
hat!

Go home, Mtzlplk, go home!

Well he comes to us, from
another place
He stops time
and bends space
Mtzlplk, no good
for us all
Enslave our race,
watch us fall

Gotta find a way...
To trick you
Can't catch you cause you've
made yourself see-through!

Read this riddle for a million
dollars
Say the phrase or there's no
tomorrow!

Leave this place! Go back again
Leave our world, it's ours to
defend
Mtzlplk, I hate you!
Take your stupid hat and your
flying disk, too!

Am I the only one...that knows
how?

Speak to him, as if he was a
man-child
Mtzlplk, he want's to be smart
Play his game or he'll tear us
apart!

Mtzlplk, they can't
trick you
You're to smart for that!
Although, you did tell us just
how to
Send you right on back!

Say your name, backwards!
Backwards name your say
klplztM
klplztM
Then you'll go away!

Go home, Mtzlplk, go home!
