

SHUT YER YAP!

Shut yer yap!
You don't know what yer
sayin'
You keep talking and
I keep prayin' that you'll
leave

You're right up in my face!
Go away!
Your breath's a goddamn
disgrace!

You're really self absorbed
It's not funny and
Left me kinda bored

It's beyond you
You don't know that you do
it
Like a chimp with a ball of
shit
Then ya threw it

SHUT YER YAP!
SHUT YER YAP!
SHUT YER FACE!

It's insane!
All theshit yer talkin'
I keep walkin' and you
Keep droppin all these
names

I don't care who ya know
Move along

My brain's about to
explode!

The mystery surrounds you
You're no good, acting like
a scoundrel

And your haircut
It's really fuckin stupid
Walk around like clowns
Like a couple of douches!

Shut yer face
Your mind is such a waste!
You're dumb and talking
out of haste!

It surrounds you
There's nothing you can do
Your mind's gone, all yer
screws are loose!

It's sad
But i'm really not that mad
Your brain's had and
I'm feelin' kinda glad

It's god's fault
Your really out the door
Your daddy left
and your mommy's a
whore!
