

Violence & Hatred

I got a problem
It's put me in a shitty mood
Somebody I knew, played me for a fool
I had some jackass stab me in the back
I'll get revenge.... I'll kick his fuckin ass!

**When I see your face again
Violence and hatred
When you see me, you'll know
That nothing is sacred
Violence and hatred
Nothing is sacred, nothing!**

When you see me you better run

I'm kinda pissed off
And feelin kinda sick
I'm feelin ripped off
and lookin like a dick!

Send the bitch off, take the gold digger!
Don't cry to me when she's walkin out the door
